PROFESSIONAL SUMMARY

I am a Computer Science graduate with a genuine passion for building robust technical solutions. My hands-on experience spans backend and web development, Linux system administration, and enterprise VoIP systems. I enjoy tackling complex problems and collaborating with teams to drive innovation and contribute to meaningful organizational goals.

EDUCATION

Academic City University B.Sc. Computer Science	Accra, Ghana
Presbyterian Boys' Secondary School WASSCE General Science	Accra, Ghana

WORK EXPERIENCE

Communications Engineer, Raycom Technologies	July 2025 – Aug. 2025, Accra, Ghana
- Installed and managed Ubuntu Linux systems, including static IP setup, user permissions, and updates. - Set up and secured PostgreSQL databases, enabling remote access through configuration and firewall tuning. - Developed backend APIs with Node.js and Express, integrated with PostgreSQL for CRUD operations. - Configured Apache2 reverse proxy and deployed Avaya J100 IP phones, managing SIP registration and firmware.	
IT Intern, Minerals Commission	May 2024 – June 2024, Accra, Ghana
- Resolved network connectivity issues and monitored system performance. - Developed vehicle and stationery requisition systems to improve internal workflow efficiency. - Assisted with IT documentation and created staff training materials.	

PROJECT EXPERIENCE

- Sign Language Translator (Capstone Project) — Real-time translator using machine learning and computer vision.
- SCARS Project — Security and access reporting system with database tracking and user authentication.
- Canteen Management System — Web-based system for food orders, inventory, and billing.

SKILLS & CERTIFICATIONS

Technical Skills: Python, Java, C#, C++, JavaScript (Node.js, Express), HTML/CSS, PostgreSQL, Linux (Ubuntu), Apache2, Git, Postman

Soft Skills: Analytical thinking, Problem-solving, Teamwork, Troubleshooting and Documentation

Certifications: Software Programming (IPMC, 2019); IBM Certification of Participation (2019)
